PinchukArtCentre initiated in partnership with M HKA a programme for refugees "For Ukrainians, By Ukrainians". The programme will support families in Belgium who have had to flee their homes as a result of the Russian-Ukrainian war.

It offers art-therapeutic classes for kids and family members, aimed at the creative development of children while communicating on sensitive topics. Additionally this provides a sense of unity and mutual support to those who were displaced.

The workshops will be held by Ukrainian volunteers. They will receive a special training, step by step instructions and psychologists' advice to conduct the art classes for refugees.

This program will be rolled out with partner institutions across Belgium.
